

Datasheet

Window SAVE LED Escape sign luminaire

1008.6996

N.499LD.BDS

System power	3.1 W
Source of light	LED (Light Emitting Diode)
Ingress Protection	IP20
Finish	pure white
Weight	2.445 kg

Escape sign luminaire Window SAVE LED Pictogram to be ordered separately, for pendant mounting, with LED (Light Emitting Diode) system power: 3.1 W, 230 V, direct light emission, 1 integral control gear, with emergency unit for non-maintained and maintained mode, with self-test complete with lithium iron phosphate batteries (burning life 3h), in aluminium, pure white, RAL 9010, New battery generation increases battery life, reduces maintainance and costs

protection class I, IP20 Recognitions distance: ACFI/EN 15/30 m
 L = 317 mm, B = 54 mm, H = 280 mm
